### **INTOUCHPOS® IS ROLLING OUT SECURE ONLINE ORDERING**

February 27, 2008, Walnut Creek, CA ---- Secure Online Ordering, the next great feature integrated into the InTouchPOS® Restaurant Point of Sale System.

InTouchPOS® has Secure Online Ordering, which is being released as an additional feature in the InTouchPOS® Restaurant Point of Sale System. Restaurant Customers will be able to order their food online and either pick it up, or have it delivered fresh and hot without speaking a word, when Web Ordering is configured into the InTouchPOS® System.

Dean Kashefi, Director of Sales for InTouchPOS® states that, "ASSAL has been working closely with Web Designers, and we expect most of our existing Customers who deliver to offer Online ordering by the middle of next year, 2008. It's an un-tapped market, and we believe that Online Ordering will create an additional revenue stream for our Customers."

ASSAL Corporation is one of the leading providers of Point of Sale Systems for the Restaurant and Hospitality industry. Since 1988 ASSAL has been providing a complete solution, including Software, Hardware, System Setup and Configuration, Installation, On site Training, and 24/7/365 Hardware and Software Support Services. Their products and services are uniquely flexible and can be customized to meet the specific needs of any restaurant.

InTouchPOS® is a turn-key Point-of-Sale system with Windows 2003® Server Technology. Providing restaurants with single to multi-station systems, InTouchPOS® is capable of supporting unlimited users.
